SUCCESSFUL KANSAS BUSINESS WOMAN BECOMES BAGLADY

And it's good news!

Dina Dove, a longtime Kansas professional, has begun a whole new chapter in her life. With the introduction of her first book, ***The Baglady's Guide to Elegant Living***, her new life as the voice of the Baglady is underway.

Our society is desperate for the wisdom the Baglady brings.

**According to international statistics, Americans rank a pathetic 35th in the world on happiness and satisfaction in our lives.*

**One out of every 5 women is on anti-depressants.*

**We are the most prosperous people in the world, and all our wealth and privilege have not made us happy.*

This universally appealing fable inspires each reader to become more conscious in their approach to daily life. At its center is Angela, a woman who has lost it all, and Rose, a mysterious bag lady who appears by chance... or by fate. Simple and insightful, ***The Baglady's Guide to Elegant Living*** propels the reader on a journey of self discovery, resulting in a richer and more meaningful life.

As a life coach, inspirational speaker, and workshop leader, Dina Dove is dedicated to helping women find the blessings in their lives. Through the work she does people actually learn to find contentment and peace in the life they have right now.

Her professional career has spanned the last 30 years with many accolades and accomplishments including Designer, award-winning Manufacturer, Business Owner, Branding Specialist, Corporate Creative Director, Founder of a national financial education company and Co-creator of coaching success programs.

To meet her or learn more about her personal coaching and group programs, visit www.BagladysGuide.com or send an email to PR@BagladysGuide.com.
