BAGLADY BRINGS SIMPLE WISDOM TO BRANSON

Dina Dove, author of the inspirational fable, *The Baglady's Guide to Elegant Living*, will be in Branson on August 9 from 2-5 for a book signing during the Books A Million Grand Opening at Branson Hills.

Considering our precarious economic climate, our society is desperate for the wisdom the Baglady brings.

With gasoline prices rising
Foreclosures at an all time high
And unsettling world conditions...
We all need a bright spot in our lives.

The Baglady descends upon our lives like an angel in a dark time. She lifts us up to see everything from a different perspective.

About Dina Dove

Since the mid 1970s, Dina Dove has founded several businesses and co-authored two multi-media life-coaching programs. But it was the life-changing circumstances in her own life that inspired her to write her first fable, "The Baglady's Guide to Elegant Living." At forty-one she walked into an uncertain future; broke, newly divorced, with no job, no unemployment pay, \$250,000 in debt and the IRS knocking at her door. Far from the tragic devastation that she expected, she stepped into the world empty and found a life that was magical beyond her wildest dreams. As a life coach, inspirational speaker, and workshop leader, Dina Dove is dedicated to helping others find the blessings hidden in their lives. Through the work she does, people remember who they really are at their deepest core and discover their unique path to personal fulfillment.
